Prall Females Attend a Prize Fight—  
After Frank James Again—The  
News in General.

### The Annual War Opens.

DENVER, April 25.—A. Johnson arrived at Durango yesterday and gives a description of the battle between the Navajos and Whites at Mitchell's place, in Southern Colorado, in which one Indian was killed.

Johnson started for Fort Lewis. The commanding officer immediately started a squadron of mounted cavalry to the relief of the people at Mitchell's, but when they reached Bowen Ferry a Navajo came in and reported that the Utes had killed all the Whites at Mitchell's place. No other word has been received, and Johnson fears all the whites have been massacred. The district commander has ordered Captain Ketchum's company to leave to-day. Troops are also being brought up from Fort Wingate, N. M. It may be several days yet before anything definite can be learned.

### A Mob Defeated.

CINCINNATI, O., April 24.—A special from Mt. Sterling, Ky., says: Early this morning, between forty and fifty men went to the residence of the jailor and demanded admission, the leader stating that he was the sheriff of Breathitt county, with a prisoner. The jailor was on the point of admitting them, when he discovered the parties were a mob intent on hanging a prisoner named William O'Brien, who had been sentenced to five years imprisonment for killing Henry Thomas. The leader of the mob told the jailor that unless he surrendered, the doors would be battered down. This was done, but the jailor with his two sons, were in the second story well armed and defied the mob to ascend the stairs. After searching the lower part of the house for the keys of the jail, the mob left the premises.

### Women at a Prize Fight.

When time was called, 1,000 women as well as men crowded around the ring, and during the fight the former were most enthusiastic shouters for their respective favorites. The mill was awarded to Clifford after a desperate battle. Both men were terribly punished. Jack Bilson had to be carried from the ring. A number of policemen watched the fight to the close without interfering. The battle lasted an hour and forty-five minutes.

Wayne township schools two and four joined in an Arbor day celebration yesterday. Trustee Gaffney made a neat speech and gave the school children a big box of candy. In return Mr. Gaffney received a shower of bouquets, Henry McMackin served dinner for the party.

George Englert, frequently a police court guest, stole a ride on a Grand Rapids freight train yesterday. George was not steady on his pins, and fell off, breaking his collar bone and several ribs. He was taken to the St. Joe hospital, where Dr. I. N. Rosenthal dressed his wounds. George can live high until he gets better.

The Port Republic says: "Rev. M. S. Motis, of Fort Wayne, was in Peru Wednesday, en route to Indianapolis, for the purpose of holding an interview with W. C. Depauw, on the matter of retaining Prof. W. F. Yocum, at Fort Wayne, he having been elected to a chair in Depauw University, and tendered his resignation as president of the Fort Wayne college, which the trustees refuse to accept."

Wednesday evening the young men's republican club of Richmond held a called meeting to consider the Noble-Dudley difficulties. This trouble grew out of the Palladium affair. The club found it had tackled a big subject, and when a resolution was offered ardently preferring Colonel Dudley, there was war. The club adjourned amid much confusion. Evidently there is not perfect harmony in Richmond.

Fort Wayne attorneys will be interested to know that Judge Cyrus C. Hines, who has for many years been a member of the well known Indianapolis law firm of Harrison, Hines & Miller, has retired from the firm, which will hereafter be Harrison, Miller & Elam. This action on the part of Judge Hines has been made necessary by the continued ill health of Mrs. Hines, who has been for many years an invalid. They will shortly leave for Vermont, where Mrs. Hines derived great benefit during a former visit, and will probably go to Europe, at an early day, for an indefinite period. W. H. H. Miller, of the law firm, was formerly a member of the firm of Corns, Bell & Morris, of this city. Judge Hines has frequently been in this city.

Do you wish freedom from aches, pains, sores, etc.? Then purify the blood strengthen the urinary and digestive organs, build up your broken down constitution by using Dr. Guyon's Yellow Dock and Sarsaparilla. It is gratifying to know that among intelligent communities this simple, harmless, yet effective remedy sells faster than the many humbug bitters, root medicines and pretended kidney cures, all of which so rapidly weaken and ruin the stomach, liver, bowels and kidneys by exciting these delicate organs to unnatural activity.

### LOCAL NEWS.

Barrett's circus is gorgeously billed.

E. M. Powers was in Peru the first of the week.

Peter Doenges and Louisa Mohl have been licensed to wed.

Twenty-five men were discharged from the Pittsburg shops to-day.

E. C. Rurde was at Bluffton yesterday evening visiting his many friends.

The interior of the addition to the St. Joe hospital is receiving the finishing touches.

William Schooner, of Argos, is in the city. Mr. Schooner used to live at Zanesville.

To-day is the forty-seventh anniversary of Monsignor Benoit's ordination to the priesthood.

Mrs. Henrietta Kartholl and daughters Nellie and Georgin, of Peru, are in the city, the guests of relatives.

Quite a party of Fort Wayne people went to Van Wert this afternoon to attend the concert this evening.

Guard the kidneys and beware of backache. St. Jacobs Oil, the wonderful pain banisher, restores circulation.

Mary Toney and her child have been removed to the St. Joe hospital. The woman was used badly at the Howly boarding house.

E. T. Taylor, M. L. Spencer, R. A. Knuffman, and Z. T. Dungan, of Huntington, were in the city to-day. Mr. Dungan gave THE SENTINEL a call.

Bluffton can well be proud of her new hotel, the Bliss house, which was opened to the public this week. It is one of the finest hotel buildings in the state.

Frank Gruber, the cigar manufacturer, and Miss Lottie Bruns were married last night. A pleasant reception followed at the home of the bride on East Jefferson street.

The indications for the lower lake region as reported for THE SENTINEL by the weather bureau at Washington are as follows: Fair weather, north winds becoming variable, slight changes in temperature.

The case of Wm. Boyle, for murdering Daniel Casey, went to the jury this afternoon. Brilliant arguments were made by W. S. Oppenheim, Henry Colerick and C. M. Dawson. A life sentence or twenty-one years is predicted.

The butcher does have some funny expressions; he told his assistant the other day to break the bones in Mr. Williams' chops, and put Mr. Smith's ribs in the basket for him, and tell Mrs. Black to take Dr. Bull's Cough Syrup for her cold.

Thomas Roche, a prominent Huntington attorney, is in the city looking up the assessments against people of his county on account of the proposed Little river ditch. Mr. Roche has been employed to file protests against the construction of the ditch. Some people don't want their land drained.

Certain druggists begin to complain that the only cough remedy they can now sell is Dr. Wistar's Balsam of Wild Cherry. This goes to prove that intelligent people are determined to get the best remedy for coughs, colds and consumption, and will not take a substitute.

The pond on East Lewis street is still unopened, although orders to open it were issued by the street commissioner a week since. The property owners in that region are beginning to "kick" and something may, in a few days, be "heard drop" that will learn the party who filled up the ditch leading from the pond, to respect the city ordinance on that subject.

Mr. E. C. Herr, grand chancellor of state of the order of Knights of Pythias, arrived in this city this afternoon, and was escorted by Summit City division, Uniform Rank, Knights of Pythias, to Castle hall, on Berry street. A new lodge of Pythian Knights will be instituted to-night and a grand banquet will be given at Fox's parlors. The amplified council of Phoenix lodge has consented to perform the secret work, and all members will attend in a body.

A Perfect Medicine Chest. SING SING, N. Y., Post Office, March 19, 1883.

One week ago, while engaged in my duties as a assistant postmaster, I was taken with a violent pain or kink in my back; it was so painful I could hardly breathe, and I ached all over my body. I immediately sent for an Alcock's Porous Plaster and applied it over the seat of pain; in twenty minutes I was entirely relieved and cured. I have used Alcock's plasters in my family for over twenty years, and have found them wonderfully effective in curing coughs, colds, and pulmonary difficulties. They are a perfect medicine chest; they cure without the slightest pain or inconvenience, never leaving a mark on the skin.

Thomas Leary, President of Village of Sing Sing, N. Y.

When purchasing a Porous Plaster be sure to get "Alcock's." All other so-called Porous Plasters are imitations.

Water Supply.

To the Editor of THE SENTINEL:

Will you please publish the enclosed editorial from the Daily News? It will do as a reply to the silly twaddle of the Gazette and show what Mr. Page at one time thought of the feeder as a source of supply. One thing Mr. Page might have added, viz: that the same estimate provided for removing all the decayed and decaying timber and rubbish from the pool of the feeder dam all the way up to Cedarville. That plan would have given us pure water, cheap water and plenty of it.

The following is the editorial of the News:

THE GAZETTE AND THE CANAL.

Our morning neighbor is in a terrible condition in regard to the canal. He has been opposed from the first "to the purchase of the canal for the purpose of using its filthy water as a supply for our citizens." The thought of "draining canal water," teeming with the atoms of decayed animal and vegetable matter, gives the Gazette man a veritable nightmare. He seems to people his fancy with visions of men, women and children flocking to the banks of the canal \* \* \* and sipping their thirst from that filthy stream. \* \* \* It may be proper to say that at no time has the committee on water works, or, indeed, any one else, thought of purchasing the canal as a canal. \* \* \* The plan of Moses Lane provides for the construction of settling basins and in his judgment and that of Mr. Williams, the northern part of the park property, owned by the city, affords just exactly the location desirable. The water, of course, would be taken from the canal at the Spy run aqueduct before it waters the city at all. Mr. Lane's estimate also provides for the dredging and cleaning of the entire bed of the canal, from the feeder dam to the Spy run aqueduct. Now, if the editor of the Gazette will prove how water, with a good uninterrupted current, flowing through a cleared channel, to a point outside the city, is objectionable, we will submit that he has made a point against the purchase of the canal. There is one way and only one to get the St. Joseph river water, and that is to buy it.

Around the Heart.

The last and most dangerous form of rheumatism is that which attacks the heart. Heretofore there has been little hope for a patient when the disease reached this stage. But Mrs. W. Wellman, of Kingsville, Ohio, writes as follows: "I received the bottle of Athlophorce all right. Have received more benefit from it than from any other medicine I ever used. It relieved me from all pain around my heart the first day, and I went to bed and slept well."

The baker is a kneady man, and this arises from the fact that he is greatly inclined to loaf.

My Wife Had Fits.

"For 35 years," says our correspondent Henry Clark, of Fairfield, Lenawee Co., Mich., "my wife had fits. They would last about an hour, and sometimes longer. Sannatium Nervine has permanently cured her."

A drunken man is seldom injured by a fall and he probably isn't by a spring—if the water is good.

The Hop Plaster will cure Back Ache, and all other pains instantly. 25 cents only, at druggists.

Always a Democrat.

To the Editor of THE SENTINEL:

The Fort Wayne Journal of April 22, 1884, has a notice in said paper like this: "Tis said that Jacob Hill feels very sore over his defeat for justice of the peace in Lafayette township. He should get on the right side."

Now, I, the said Jacob Hill, being somewhat dull of comprehension as to getting on the right side, will ask the Journal to state whether it is the Canada side or the Lafayette township rebelside. As the Journal only has three subscribers at our postoffice, it makes little difference what it says. JACOB HILL, Always a democrat.
